P6 – Home Learning Tasks

Choose one or two tasks from those below, or challenge yourself to complete as many as you like!

Spellings

Practise your spellings from the last few weeks. Make a tricky spelling wordsearch or a silly sentence for each word.

Times Tables

Practise the times tables you need to learn. Say them forwards and backwards. Count in steps of different numbers e.g. 6s, 7s, 8s.

Maths –Sumdog

Complete the Sumdog challenges online.

OR

Make your own maths quiz sheet for a friend to solve. You can include sums, questions and word problems from lots of different areas of numeracy and mathematics.

Story Writing

Write a short adventure story with the title "The Day the Snowman came to Life." Remember to plan the beginning, middle and end of your story and include a problem/main event that gets resolved at the end.

OR

Make a fact sheet/poster about animals that live in the snow e.g. polar bears. Search for these animals on the World Wildlife website: wwf.org.uk/wildlife

Learning Logs

Make a learning log page showing what you have learnt in the last few weeks. You can focus on one subject or a few subjects.
Remember to think about what you have learnt, how you learnt it, what helped you to learn, how you found the learning and what you need to do next.
